Universitäts-  
bibliothek  
Augsburg

## Geleitwort.

Die Durchführung der Deutschen Himalaja-Expedition 1934 ist durch den begeisterten Opferwillen der gesamten deutschen Eisenbahnerschaft sowie durch die tatkräftige Unterstützung des Deutschen und Österreichischen Alpenvereins und der Notgemeinschaft der deutschen Wissenschaft zustande gekommen.

Zu den Vorbereitungen einer solchen Expedition gehört die genaue Kenntnis des einschlägigen Schrifttums. Dem Streben nach Vertiefung der geistigen Grundlagen entsprang der Plan, vorliegende Bibliographie zu schaffen; sie ist unter weitgehender Mithilfe der Bücherei des D. u. O. A. V. entstanden. Die Expedition ist dem Leiter der Alpenvereinsbücherei, Herrn Dr. H. Bühler, sowie den Beamtinnen für ihre hervorragende Arbeit zu großem Dank verpflichtet.

Das Literaturverzeichnis umfaßt das Himalaja-Schrifttum in Büchern und Zeitschriften einschließlich der wichtigsten Karten aus der Zeit von 1801—1933. Eine reiflose Erfassung der gesamten Himalaja-Literatur war mit den zur Verfügung stehenden Hilfsmitteln und bei der knappen Zeit weder möglich noch beabsichtigt. Es dürfte dennoch gelungen sein, alles Wesentliche zusammenzustellen.

Die geographische Umgrenzung ist so gesteckt, daß die Randländer des Himalaja und des Karakorum sowohl süd- wie nordwärts miteinbezogen wurden und alle Angaben sich auch auf Kaschgar, Turkestan, Teile von Tibet und Zentralasien, sowie auch auf Sikkim, Nepal, Bhutan, Garhwal und das Punjab beziehen.

Die Titel sind fortlaufend numeriert und alphabetisch angeordnet. Ein eigenes Schlagwort-Register sorgt für geographische und sachliche Aufteilung des Stoffes. Die Hauptzeitschriften, die als Quelle dienen, sind aus dem Abkürzungsverzeichnis zu ersehen.

Die Karten sind nach geographischen Gebieten alphabetisch geordnet und im Anschluß an die Bücher und Zeitschriften genannt. Auch hier ermöglicht ein Schlagwortverzeichnis bequemes Auffinden. In dieses Register sind außerdem noch alle jene Karten aufgenommen, die den Büchern und Aufsätzen in den Zeitschriften beigegeben sind. Die Nummern ab 711 bezeichnen selbständige Karten.

Dem Verein der Freunde der Alpenvereinsbücherei ist an dieser Stelle noch dafür zu danken, daß er diese Himalaja-Bibliographie in die Reihe seiner Veröffentlichungen aufgenommen und dadurch allen interessierten Kreisen zugänglich gemacht hat.

München, 1. März 1934.

Deutsche Himalaja-Expedition 1934 zum Nanga Parbat  
Willy Merkl.
